The Geopolitics Reader brings together the most comprehensive selection of readings on geopolitics, from classic accounts to emerging trends. It introduces fresh perspectives on the key issues of debate in the late twentieth century concerning discourse, power, gender and political economy.Â Since geopolitics is not a science but a field of political contestation, we have decided to dedicate this book to three inspiring geopolitical activists who struggled throughout their lives to resist the dictatorship of a geopolitics wielded by the powerful over the weak. xiii.
