Author Michael Jan Friedman was contracted by Del Rey Books and Lucasfilm Ltd. to write the trilogy, which would have contained three volumes: Jedi Storm, Jedi Fire, and Jedi Blood. Knightfall was going to star the scientist Danni Quee and the Jedi Knight Jorallen, both of whom were caught up in the New Republic and New Jedi Order's ongoing war with the extra-galactic species of religious Lin always gets the easy things, like reading stupid medical books when you have to practice stances, or getting fancy embroidered robes while you just have a black one like mother. Your mother just sighs again, though, lifting her hand to brush a few stray brownish-gold wisps of hair away from your face, "Lin has her style, and you will have yours." What's worse, dying in the snowy wastelands of Earth or dying in the maws of the Grimm in Remnant? Let's find out! A Knight of Rhodes. Remnants is a series of science fiction books written by K. A. Applegate and published between July 2001 and September 2003. It is the story of what happens to the survivors of a desperate mission to save a handful of human beings after an asteroid collides with the Earth. Eighty people are placed aboard a converted space shuttle using untested "quack" hibernation technology and fired blindly into space hours before all life on Earth is obliterated by a large asteroid called The Rock. They are then
