Ancient Greek Civilization and its Influences on the Western Way of Life. Western civilization and its ideologies have been influenced by Greek philosophy and its thinking since its inception back in the 4th and 5th century BCE. Greece would have never become what it was, back in the 5th century, let alone influence modern philosophy, if it did not benefit from the exchange of ideas from some of the most advanced and highly evolved civilizations of the ancient world, namely, Egypt, Mesopotamia, Persia, Assyria and the Hittites. Probably the best known among ancient Classical Greek Philosophers and the figure-head of western philosophy, Socrates was a man who was both centuries ahead of his time and a continuous source of trouble for the city-state of Athens. The ancient Greek Political Thought varies from the Political Thought of other ancient countries like Egypt, Babylonia, Syria, Persia, India, China etc., formed treatise of purely political nature. On the other hand ancient civilizations the political ideas were inter-mixed with mythology and religious literature. For example in India the Ramayana, Mahabharata, Manu Smriti, deal with political problems which are not totally political treatises. In the case of Greek Political Thought the existence of number of independent treatises which are meant to study the political problems. Main Concentration on Nature of State: One of the important feature of the ancient Greek Political Thought was that it related itself mainly with the nature of the state and the concept that man is a political animal. Learn about social studies ancient greece with free interactive flashcards. Choose from 500 different sets of flashcards about social studies ancient greece on Quizlet. It is preserved in the The minimum number of people necessary to make a decision (in This city-state developed a system of government that we still "Rule by people"

The ancient Greek Political Thought varies from the Political Thought of other ancient countries like Egypt, Bobylonia, Syria, Persia, India, China etc., formed treatise of purely political nature. On the other hand ancient civilizations the political ideas were inter-mixed with mythology and religious literature. For example in India the Ramayana, Mahabharata, Manu Smriti, deal with political problems which are not totally political treatises. In the case of Greek Political Thought the existence of number of independent treatises which are meant to study the political problems. Main Concentration on Nature of State: One of the important feature of the ancient Greek Political Thought was that it related itself mainly with the nature of the state and the concept that man is a political animal. Objective: to study the processual vocabulary of Ancient Greek through identifying of peculiarities of its representation in lexico-gramatical classes of different types, analysis of principles of classification according to semantic characteristics, identifying of anthropocentric peculiarities of its forming. Actuality of the research of processual vocabulary of Ancient Greek depends on the one hand on exclusive importance of this group of words, and Alternative as necessity of choice between possibilities exists in social environment and is a workable norm of consciousness that is a feature of human existence. In Ancient Greek in functional-semantic field of space the meaning of processuality is realized in the Ancient Greece (Greek: ἡ ἑλλάς, romanized: Hellās) was a civilization belonging to a period of Greek history from the Greek Dark Ages of the 12th–9th centuries BC to the end of antiquity (c. AD 600). This era was immediately followed by the Early Middle Ages and the Byzantine period. Roughly three centuries after the Late Bronze Age collapse of Mycenaean Greece, Greek urban poleis began to form in the 8th century BC, ushering in the Archaic period and colonization of the Mediterranean Basin.
