As the word Turkish, it means "a kind of Turk", most of carry also Albanian, Arab, Kurdish, Armenian, Greek, Slavic blood from assimilated ancestors. And the truth is that Turks are NOT a White Caucasian/European race. They are Mongoloid/Central Asian. They come from the Gengis Khan tribe, not from any white European tribe. Minnesota's thoroughbred racing turkey is named Paycheck because nothing goes faster than a paycheck. His wings are clipped and he's ready to go, but as his team captain, Mick, notes, you can never be sure where he goes. "You don't want him flying up on a building," says Mick. But, what fans really come to see is the big turkey race. It's Cuero's 30th Running of the Great Gobbler Gallop. The home turkey's crowd chanted, "Ruby, Ruby, Ruby," as some fans make predictions that the Texas turkey will win. The athletes make their grand entrance, but in the wrong cages. The teams offer final words of encouragement. The race finally begins. Paycheck spreads his wings and gallops out to a commanding lead "a big improvement over last year's stop at the liquor store."
