

University of California Publications in Zoology, Volume 17, . University of California, Berkeley. 1918. University Press, 1918

Unfortunately the systematist is Excerpt from University of California Publications, Vol. 1: Zoology; With 28 Plates. If there is one thing more than another which the preparation of this paper has brought emphatically to my attention, it is the great necessity for long-continued observations on the growth and development of hydroids under natural and artificial conditions. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. @book{bhl93453, title = {University of California publications in zoology. }, volume = {v.3 (1906-1907)}, copyright = {Public domain.
