Reviews

This book may be worth purchasing. It typically fails to expense excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- Ken Watsica

This book might be worth a study, and superior to other. It can be writer in easy words and phrases and never confusing. I am just happy to inform you that here is the greatest ebook i have got read within my personal daily life and may be he best pdf for actually.

-- Mrs. Avis Little DDS

Gareth Dale. *Shortlisted for the Deutscher Memorial Prize 2017*. Karl Polanyi's contribution to political economy and social science is immeasurable. In *Reconstructing Karl Polanyi*, Gareth Dale, foremost scholar and biographer of Polanyi, provides a sweeping survey of his contributions to the social sciences. An opponent of traditional economics and a believer in economics' contingency to society and culture, Polanyi's work has a cross-disciplinary appeal, finding popularity in anthropology, economic history, economic sociology and political science. Paradoxical formulations, s In *Reconstructing Karl Polanyi: Excavation and Critique*, Gareth Dale contributes a further volume to his decade-long research into the life and thought of the influential political economist. Here, he provides an account of Polanyi's specific contributions to the social sciences, reconstructs some of his more complex or elusive concepts and reflects on the relevance of his theories to present-day issues including the European Union. While he would recommend Dale's previous works to those less familiar with Polanyi due to the book's density, Chris Moreh praises this as a magisterial addition. Karl Polanyi has become a key reference in research efforts to understand the contradictions inherent to the market economy and neoliberal globalisation. This notable renaissance of Polanyi's work unites approaches of scholars from economics, sociology, and political science under at least five broad endeavours. *Reconstructing Karl Polanyi. Excavation and critique.* London: Pluto. Fraser, Nancy. *Reconstructing Karl Polanyi* book. Read reviews from world's largest community for readers. Karl Polanyi was one of the most influential political economists of the twentieth century and is widely regarded as the most gifted of social democratic theorists. In *Reconstructing Karl Polanyi*, Gareth Dale, one of the foremost scholars of Polanyi, provides a sweeping survey of his contributions to the social sciences. Polanyi's intellectual and political outlook can best Karl Polanyi was one of the most influential political economists of the twentieth century and is widely regarded as the most gifted of social democratic theorists. Karl Polanyi is principally known as an economic historian and a theorist of international political economy. His theses are commonly encountered in debates concerning globalisation, regionalism, regulation and deregulation, and neoliberalism. But the standard depiction of his ideas is based upon a highly restricted corpus of his work: essentially, his published writings, in English, from the 1940s and 1950s. On Polanyi's apologia for the Moscow Trials, see Gareth Dale, *Reconstructing Karl Polanyi: Excavation and Critique* (London: Pluto, forthcoming). 105 Polanyi, *Universal Capitalism*. 106 Polanyi, *Friends of Democracy*.
