Start by marking "Basic Course in American Sign Language" as Want to Read: Want to Read saving... Want to Read. This book contains twenty-two lessons that cover the foundations of ASL grammar and vocabulary with an emphasis on proper sentence structure. Both grammar and new vocabulary is introduced in an intuitive progression to build a solid understanding of the concepts. It is the perfect written complement to the award-winning CD-ROM, Sign Language for Everyone. The lessons include: Determiners in American Sign Language. Dominant, passive, and symmetrical hands: conditions. Embedded questions in statements. Star Arrow, The: a basic poem. The Bear and Two Travelers: a fable. The Cock and the Diamond: a fable. Learning a signed language as a second language is a rapidly growing interest, especially in ASL (American Sign Language). Begin with your self-paced ASL 101 lessons or browse a list of tutorials below. If you've learned some ASL before, reviewing ASL 100 may be helpful or refreshing. American Sign Language (ASL) is an experience, and arguably the most beautiful language in the world. It is also the third most widely spoken language in the United States (after English and Spanish, respectively). If for no other reason than to be... If for no other reason than to be prepared and helpful in an emergency situation, everyone who is able should learn at least basic American Sign Language. There are also benefits like being able to go on to study and become an interpreter for a school, or a religious organization. All of this, however, starts with knowing ASL basics - sign language fingerspelling, alphabet, numbers, colors, common phrases, and terms related to emergency situations.
