And you can start from page 1 to the end to know everything about the test contests. English section : Best part in my opinion because it has an effective strategies like the Complete, consistent, clear and concise. Math: Good also BUT its drill questions is extremelly basic and its way more complicated in the real test. There are really good sections in this book, and there are sections that only include the basics. This book is great at strategies, since the real ACT doesn't teach you anything. And you
