Invitation to Psychology, 6/e, shows students why scientific and critical thinking is so important in the decisions they make. In clear, lively, warm prose, this edition continues the title's integration of gender, culture, and ethnicity. By the end, readers will learn how to interpret research and to address and resolve controversies. Note that the appendix has been dropped from the printed book but can be accessed online. Replaced the "Taking Psychology with You" feature on "What Psychology Can Do for You" with one on using critical thinking to recognize misleading or deceptive statistics. We think this will be more useful to students. Chapter 2 Changed the "Taking Psychology with You" feature to one on constructing your own "life story." Invitation to Psychology book.
