Nicknamed the 'Domesday' Book by the native English, after God's final Day of Judgement, when every soul would be assessed and against which there could be no appeal, this title was eventually adopted by its official custodians, known for years as the Public Record Office, and recently renamed the National Archives. The official who wrote Dialogue of the Exchequer in 1179 wrote that 'just as the sentence of that strict and terrible Last Judgement cannot be evaded by any art or subterfuge, so, when a dispute arises in this realm concerning facts which are written down, and a By the early decades of the 18th century the trade In the late 15th century, the book trade in England was modest in scale and ambition, hamstrung by legislation, centred in London and heavily dependent on its European connections. During the 17th century a nationwide market for books emerged and in 1695 the Licensing Act lapsed, allowing provincial printing to develop. By the early decades of the 18th century the trade was national in character, better organised and perceptibly 'modern' in its structure.
