Few who look at photographer Philip Jones Griffiths's powerful book of photographs "Agent Orange: Collateral Damage" in Vietnam have the stomach to do so twice. It is easier to keep one's distance, to not look at all. The reason for American reluctance to look or act is not even about money, as one might suspect. Trolley Books. Dimensions: 227x295. In Agent Orange Philip Jones Griffiths has photographed the children and grandchildren of the farmers whose faces were lifted to the gentle rain of the poison cloud. Some maintain that the connection between the maimed subjects of Griffiths's photographs and the exposure to Agent Orange is not scientifically established. However, the compensation payments made by the herbicide manufactures to those Americans sprayed in Viet Nam refute this assertion. Historians will find it sufficient to say that there will always be collateral damage, that useful PR phrase, in war and that Philip Jones Griffiths WordPress Shortcode. Link.
