

Myths and Legends of India Vol. 1, Volume 1 #William Radice #Penguin UK, 2016 #2016 #536 pages #9789386057082

This is the Gresham Myths and Legends volume for India. Of course, one person's myth is another's religion, in this case nearly a billion people. As opposed to most of the other volumes in this series (e.g. Egypt, Crete, Celtic), these 'Myths and Legends' are the basis for contemporary Hindu beliefs. Like most of the other books at this site, this was written prior to World War I. Mackenzie's discussion of the 'Aryan race' and Indian parallels to Germanic mythology have to be taken in that context. This shouldn't be taken as an endorsement of racist doctrine. Nobody has seriously questioned the reality of Indo-European as a linguistic group, or the aspects of comparative mythology which crop up from India to Iceland. In volume one, the first section begins with the creation myth of Prajapati, while the Mahabharata section starts with Sakuntala's story, going up to the founding of Dvaraka by Krishna. In volume two, the first section begins with the Hindu myth about Brahma's creation of bodies, while the Mahabharata section starts with the notorious dice-game and ends with the death of Abhimanyu. True to India's diversity, the third section of both volumes comprises legends and folk tales from Hindu, Muslim, Buddhist, Jain, Christian, and tribal sources. The volumes of Myths and Legends of India are a treasure Indian cuisine is widely acknowledged to be among the very best in the world. Now you can make all A Treasury of Fairy Tales and Myths A Treasury of Fairy Tales and Myths. 166 Pages 2018 58.37 MB 28,368 Downloads New! of 14 well-known myths and legends and 14 classic fairy tales from around the world.
