Remarks of President Ronald Reagan McLean, VA. June 24, 1985. I was very pleased a few months ago when Caroline and John came to see me and ask for our support in helping the library. I thought afterwards what fine young people they are and what a fine testament they are to their mother and father. He had written a book as a very young man about why the world slept as Hitler marched on; and he understood the tension between good and evil in the history of man - understood, indeed, that much of the history of man can be seen in the constant working out of that tension. He knew that the United States had adversaries, real adversaries, and they weren't about to be put off by soft reason and good intentions. Find great deals on eBay for ronald reagan signed book.
