"Of all the books published so far in this century, the one most assured of being read a hundred years from now is A Study of History."--Clifton Fadiman. "Somervell has performed his chosen task--a labor of love--extremely well....A remarkable achievement."--The New York Times Book Review. "Somervell's abridgement is an amazingly accurate version of the original."--New York Herald Tribune. A great book, greatly written, has lots of information and you don't feel even a minute less interested, a common characteristic in history books for most people as they become boring, not this book, it's as if you were reading a story, just that this time it's real jaja.
