InterVarsity Press, Spck Publishing. ISBN-10. 0851111432. ISBN-13. Absolutely one of the best commentary series out today. Super blend of technical and practical insight. I own all of this series and it is my go to because it is written with practical pastoral insights for sermon building. And you have to keep in mind why that's is: John Stott. Stott was a true pioneer in valuing academic integrity but doing so with simple communication skills. The commentary deals with the complexities and disputed issues that have swirled around the book of Romans for many years, but the author always remains faithful to careful exegesis that reflects a scholarly and evangelical perspective of this magnificent 'charter of salvation'. While scholarly the commentary is not dry or beyond the reach of the average Christian. Bible Book List. Font Size. Romans 1.
