

The Bear Under the Stairs // 9780552558457 // Picture Corgi, 2008 // Helen Cooper // 2008

I had heard of "The Bear under the Stairs" when listening to a presentation on the internet. Since I am by career a first grade teacher, I felt this was a great story to use with children to talk with them about their fears. Since I was not going to use the book on a daily basis, I did not feel that I needed to spend a lot of money for a new book. However, in using it with youth, I didn't want there to be crayon marks and tears on the pages as some of the reviews noted. I'm thankful for the evaluation system and rating that I found on Amazon for this book. Keep up the great work of being honest about used items - maybe I will buy more items this way. Read more. Go to Amazon.com to see all 14 reviews 4.4 out of 5 stars. We recommend registering or logging in. Buy it now. A story of a small boy who is afraid of an imaginary bear which he's convinced is living in the cupboard under the stairs. By the author/illustrator of Kit and the Magic Kite . Product Identifiers. I had heard of "The Bear under the Stairs" when listening to a presentation on the internet. Since I am by career a first grade teacher, I felt this was a great story to use with children to talk with them about their fears. Since I was not going to use the book on a daily basis, I did not feel that I needed to spend a lot of money for a new book. However, in using it with youth, I didn't want there to be crayon marks and tears on the pages as some of the reviews noted. Therefore when I saw the review that this one was like new, I was willing to try that one. The book is very appropriate for preschoolers, came in wonderful shape and delivery was as promised. I am very pleased with the product and the service. Read more.
