Aging in America book. Read reviews from world's largest community for readers. Everyone in my family trusted the people in the system to take care of ... Goodreads helps you keep track of books you want to read. Start by marking "Aging in America: A Cautionary Tale of Wrongful Death in Elder Care" as Want to Read: Want to Read saving... Want to Read. Book Chronicles Attitudes Toward Female Aging In America. Review. Book Reviews. No Stopping Us Now makes clear, for example, that two particularly challenging times to be an older woman in America were the youth-obsessed 1920s and 1960s. Take heart, though: As its title indicates, the general trend chronicled in Collins' new book is encouraging. In the 18th century, women beyond their early 20s were considered past their prime, and post-menopausal women, when not branded witches, were essentially put out to pasture. But with increased life expectancy and more women in the workforce, society's idea of middle age keeps getting pushed upward "from 30 or 40 well in Aging in America: The Years Ahead is as good a look at things "senior" and "aging" as we might ever get. From cover to cover it presents a "majestic arc of the experience" of what aging is like for some working class and some middle class Americans. If you don't have a copy, do yourself a favor and get one, and if you have one already, just buy one for someone else. We happen to be living in a time when we need to know all about these things. Read more. 5 people found this helpful. This is a wonderful book covering a wide range of inspiring stories about aging Americans. Both a photographic jewel and written masterpiece, I couldn't recommend this book more to anyone and everyone who is interested. Truly a book to share with your family and friends!
